The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many of these diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are required to comply with it.

**All exhibitors must be familiar with and abide by the terms and conditions of the Indiana State Fair.
Failure to do so may result in loss of the privilege to exhibit at the State Fair and/or ejection from the Fairgrounds.**

The Indiana State Fair Board is committed to providing opportunities for all 4-H participants to show their animals as part of the State Fair. The Fair Board also wants to ensure the integrity of its 4-H competitions as is evidenced by the various terms and conditions set forth in this Premium Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the strict penalties associated with positive results. Indiana exhibitors of horses, poultry, llamas and alpacas as well as out of state exhibitors will be requested to voluntarily provide Premises ID numbers. Substitute showmen **must** be approved in writing by the 4-H show manager 24 hours prior to the showing of the animal(s) needing a substitute showman. Requests will only be granted for medical emergencies, conflicts with showing other animals, or circumstances deemed unavoidable by the 4-H show manager. Failure to be excused from a job and/or participation in a sporting event or sports practice will not result in a substitute showman being granted.

SUPREME 4-H LIVESTOCK SHOWMANSHIP

64. The exhibitors for beef, sheep and swine species will be selected by the judges during the Grand Drive for participation in the ISF Celebration of Champions.
66. Should a champion animal become ill or be determined to be unsound and unable to participate in the Grand Drive, the reserve animal of that breed would represent the breed. The Department Superintendent would inform the judge of the situation prior to judging the Grand Champion. The reserve breed champion from the same breed as the Grand Champion is eligible to be selected for the ISF Celebration of Champions.
67. Exhibits selected for the ISF Celebration of Champions must be market animals or commodities produced for commercial use and/or consumption. If an item or animal selected for the ISF Celebration of Champions is voluntarily withdrawn, the item or animal is not eligible to receive an award and forfeits all honors and premiums awarded by the Indiana State Fair.

70. Monetary awards will not be issued until all test results are complete.

INDIANA STATE FAIR CELEBRATION OF CHAMPIONS

71. The Indiana State Fair and State 4-H officials require **all** animals selected for the Indiana State Fair Celebration of Champions to be harvested. The Awards Committee reserves the right to eliminate any 4-H animals from the ISF Celebration of Champions which it deems to not be in the best interest by the Indiana State Fair.
72. The Indiana State Fair Celebration of Champions Award total monetary amount includes premiums, accomplishment award, and market value price. Total monetary award amount is based on a formula. Awards will not be given to exhibitors until drug testing results are complete. This includes monetary and non-monetary awards.
73. No single exhibitor shall be awarded more than one award. If a 4-H member has more than one (1) item selected for the ISF Celebration of Champions, they must notify the Livestock Manager by 10 pm on Monday, August 10, and let them know which one item they wish to receive an award. The animal the 4-H member chooses not to receive an award; award will be replaced by the next placing animal from the same species, which was selected during the Grand Drive.

INDIANA 4-H PROGRAM PHILOSOPHY:

The Indiana 4-H program serves the youth of Indiana by providing a strong educational youth development program. This program delivers educational experiences in a variety of settings. Caring, capable, and contributing adults assist in the 4-H program as role models for youth. The rich heritage of the 4-H program is one to be valued and passed along to future generations. This document sets out certain standards and guidelines to assure that 4-H is a positive youth development program. County 4-H policy is guided by the county 4-H policy-making or governing board (i.e., 4-H council) as provided by the County Extension Board. Legal authority for the 4-H program rests with the Director of Cooperative Extension, Purdue University. No county 4-H policy may conflict with state 4-H policy or federal requirements. Deadlines for county and state participation should be carefully constructed so as to encourage rather than to discourage participation. Such deadlines should be well published. Members not complying with established and published dates and deadlines for exhibition may be denied the opportunity to exhibit. It is the policy of 4-H to be an inclusive organization. No county policy or practice should be used to arbitrarily exclude youth from either membership or participation. Youth should participate in 4-H Youth Development opportunities at levels and times that best suit the youth's development and support family involvement.

4-H MEMBERSHIP:

Youth may become 4-H members when they enter the third grade and may continue their membership through the completion of grade 12. Each individual may continue membership for a maximum of ten (10) consecutive years. An individual's 4-H grade is determined by their grade in school, regardless of the time of year he or she enrolls in 4-H. A member does not advance in 4-H grade until he or she enrolls in 4-H for the subsequent school year. Each member should enroll in the division of a project that would best suit his/her interest and potential for personal growth and would enhance their family involvement. Opportunities in the 4-H Program are available to all Indiana Youth regardless of race, religion, color, sex, national origin, marital status, sexual orientation or disability. Membership in 4-H is gained by annually enrolling through a Purdue University Cooperative Extension Service Office, located in each of Indiana's 92 counties. The 4-H club year usually extends from one (1) annual 4-H exhibit to the next. Enrollment is an annual process attained by completing an appropriate county 4-H enrollment process.

COMPLETION:

The completion of a 4-H project must not be misinterpreted as exhibition of said project at a local, county or state fair. 4-H members are considered complete in their project work for that year when they have: 1) completed an "official" 4-H member enrollment process prior to the established and published date for enrolling 2) turned in a completed 4-H project record sheet prior to the established and published date and 3) had an officially recognized 4-H leader/extension educator verify existence of the completed project. Though exhibiting in local/county and state exhibits/fairs is not required for project completion, as it does not necessarily relate directly to content and skills learned in the development of the 4-H project, project exhibition is encouraged as a continuation of the educational experience. Extension employees and volunteers are obligated to eliminate (and should not create) any practices that limit, deprive, or tend to deprive any youth of opportunities for membership and/or participation in the Indiana 4-H program.

EXHIBITION AT THE INDIANA STATE FAIR:

Exhibition of 4-H projects in local, county or state exhibits/fairs is considered a privilege and is voluntary on the part of the exhibitor. The exhibition of 4-H projects provides 4-H members an opportunity to display their 4-H projects, enter into competition and participate in an educational/social environment with their peers. With exhibition also comes the responsibility for abiding by all of the terms and conditions pertaining to the respective 4-H project. Not following the established terms and conditions of the projects will be grounds for exclusion from the competition/exhibition or the project itself.

1. An exhibit may not be entered in more than one State Fair 4-H class except in some animal classes where designated. In a State Fair class requiring more than one item, all items must be exhibited by the same 4-H member. All parts of an exhibit made in one class must belong to one 4-H member.

2. All 4-H exhibits at the State Fair must be prepared during the current 4-H year. Eligibility rests solely with the State 4-H Youth Program Leader on entries in all 4-H classes.

3. Any 4-H exhibit removed from display prior to the official release will be disqualified. Any 4-H placings/prizes (including ribbons, money, medals, trophies, etc.) awarded that exhibit will be forfeited.

4. 4-H exhibitors having an entry in animal classes at State Fair are expected to show their own animals. In cases where this cannot be done, the owner may request another Indiana 4-H member to serve as a substitute showman. Substitute showmen must be approved in writing by the 4-H show manager, 24 hours prior to showing of the animal(s) needing a substitute showman. Requests will only be granted for medical emergencies, conflicts with showing other animals, or circumstances deemed unavoidable by the 4-H show manager. Failure to be excused from a job and/or participation in a band or sporting event or practice will not result in a substitute showman being granted.

4-H ANIMAL OWNERSHIP, POSSESSION AND EXHIBITION:

Each 4-H member shall own his/her own 4-H exhibit. Ownership must be in effect on or before the county and state enrollment deadlines and continuously until after the 4-H show at the County and/or State Fair.

1. For 4-H breeding animals, family corporations and/or partnerships of 4-H members with one or more parents, siblings,

grandparents, aunts, uncles, or legal guardians are acceptable.

2. For 4-H dairy cattle, family corporations and/or partnerships of the 4-H member with unrelated persons or dairy operations are also acceptable.

3. Dairy heifers, horses, ponies, alpacas and llamas may be leased subject to approval of both the county 4-H dairy, horse and pony, or llama/alpaca committee and the respective County Extension Educator.

4. 4-H animals are expected to be in the personal possession and regular care of the 4-H member who owns/leases them (unless other arrangements have been agreed upon by the County 4-H Council) from the animal enrollment deadline until the conclusion of the County and/or State Fair.

5. 4-H animals purchased, sold or offered for sale after the enrollment deadline and prior to the Indiana State Fair **(including animals that have gone through a "Premium Only Auction")**, shall not be eligible to show in the 4-H show at the Indiana State Fair. Sale of products of animals (milk, cheese, wool, etc.) in lieu of the animal, is considered equivalent to a "Premium Only Auction."

6. 4-H animals exhibited after the animal enrollment deadline (April 1 for steers, and May 15 for all other animals) at any show by anyone other than the 4-H member that enrolled them will not be eligible to be shown in the 4-H show at the Indiana State Fair. This term/condition does not apply to sibling and parents, who may show each other's animals at any show during the year without jeopardizing State Fair eligibility. This policy applies to all 4-H animal projects. For animal projects without statewide enrollment requirements, the person who enters them in the Indiana State Fair 4-H show is the equivalent of the enroller of the animals.

7. 4-H members showing registered beef, Boer goats, dairy, dairy goats, sheep and swine must present a registration certificate (no photocopies, carbons or fax copies, except a fax directly from the national breed association to the Indiana State Fair) to the 4-H show manager before the specified time for each specie, showing that the exhibitor owns the animal being exhibited, as per ownership terms, on or before the May 15th enrollment deadline and continuously until 4-H show day at the Indiana State Fair. 4-H breeding beef, Boer goats, dairy goats, sheep and swine must be registered in one of the following ownership methods:

a. in the 4-H members' name; b. John Smith and Sons; c. John Smith, Sons and Daughters; d. John Smith and Family (family includes sons, daughters, and legal guardian youth only); e. Mark Smith (brother) and Mary Smith (sister); f. Family corporations, where the 4-H members' name appears as a holder of stock in the corporation, and proof of same must be supplied on or before the enrollment date; g. Family partnership where the 4-H members father, mother, brother, sister, aunt, uncle, grandparent, and/or legal guardian is also in the family partnership and the 4-H member's name appears on the legal, notarized partnership. A copy of the written document must be attached to the enrollment form before the enrollment deadline.

8. 4-H breeding beef, Boer goats, dairy goats, sheep and swine will NOT be accepted in the State Fair 4-H Show if they are registered in a father's name only, farm name only, or partnerships with unrelated persons (such as "Smith View", "Smith Oak", "John Doe and William Smith (4-H member)", "Long Oak and William Smith (4-H Member)", etc.).

BEHAVIORAL CRITERIA:

There are many opportunities for 4-H members, volunteers, parents and the public to participate in 4-H events and activities. When involved in such experiences; members, volunteers, parents and the public are expected to follow all terms and conditions/rules and regulations as outlined by those responsible for the specific program or activity. When attending, participating or acting on behalf of the 4-H program, all persons are expected to conduct themselves in accordance with accepted standards of social behavior, respect the rights of others, and refrain from any conduct which may be injurious to the 4-H program. The following actions constitute misconduct for which persons may be subject to disciplinary penalties and/or dismissal from the program:

1. Dishonesty in connection with any 4-H activity by cheating or knowingly furnishing false information.
2. Alteration or unauthorized use of 4-H records.

Terms & Conditions for Swine

1. **Indiana State Fair General Terms and Conditions**- By entering exhibits at the Indiana State Fair, you agree to the Indiana State Fair General Terms and Conditions on page (2).
 - a. All animals must meet the official health requirements, general terms and ownership conditions located in the front of the State Fair 4-H Handbook/Premium List. Pay particular attention to the terms and conditions on tampering, misrepresentation, conduct, drugs, pumping, forced fillings, etc. Officials reserve the right to require drug steroid testing and examination of animals entered for show. 4-Hers and parent's consent to drug and/or steroid testing as a condition for entering. Refusing tests will be cause for disqualification.
 - b. Each animal entered in the following shows: Beef Cattle Department, Dairy Cattle Department, Swine Department, Sheep Department, Dairy Goat Department, Boer Goat Department and Meat Goat Wethers Department must be listed on a 4-H Animal Affidavit to exhibit at the Indiana State Fair. The completed and notarized form must be turned into their respective department during check-in. Failure to complete and submit an affidavit as requested may result in disqualification of the animal, or the exhibitor from the Indiana State Fair.
2. **4-H County Terms and Conditions**- 4-H Animal Ownership, Possession and Exhibition Guidelines relative to State Fair Exhibition, see 4-H ANIMAL OWNERSHIP/ POSSESSION AND EXHIBITION on page 14 of the Indiana State Fair 4-H Handbook/Premium List.
 - a. Only animals who are properly identified by May 15 (or earlier deadline set by county) through Indiana 4-H Online (<https://in.4honline.com>) are eligible for entry in the State Fair 4-H Swine Show. To be properly identified, 4-H members must enter the pig's ear notch and 840-RFID tag number completely and correctly into Indiana 4-H Online and submit a DNA hair sample to the county Extension office by May 15 (or earlier deadline set by county). DNA collection envelopes and instructions are also available at your county Extension office.
 - b. After your county fair auction is completed, the Extension Educator will denote any animals that were purchased, sold or offered for sale after the ID deadline and prior to the Indiana State Fair (**including animals that have gone through a "Premium Only Auction"**) in Indiana 4-H Online.
 - c. A 4-H member may identify a maximum of 15 gilts and 15 barrows in Indiana 4-H Online by May 15 (or earlier deadline set by county).
3. **All 4-H Swine must have an 840-RFID tag in the ear prior to entering the State Fairgrounds.**
4. **Swine Identification/DNA**- All swine entered in the State Fair 4-H show must be owned and individually identified by ear notch, 840-RFID tag and have a DNA hair sample submitted to the county Extension office by May 15 (or earlier deadline set by county) and cared for by the 4-H member from May 15 through the 4-H swine show at the State Fair. These animals must remain in the same continuous ownership through show day at the Indiana State Fair. **Animals with fresh ear notches will be disqualified. Additionally, all Swine must have an 840-RFID tag in their ear prior to entry onto the State Fairgrounds. All barrows and gilts are subject to DNA verification.**
 - a. DNA hair samples are required for all swine to be eligible for the Indiana State Fair. They must be submitted to the County Extension office by May 15 or earlier deadline set by the county. Collection envelopes and instructions are available from your County Extension office.
 - b. In the event of an identification error with what is entered into Indiana 4-H Online, there will be an opportunity to have a DNA hair sample collected at state fair check-in to compare to the sample from prior to May 15 at the 4-H member's expense. This would allow the barrow/gilt to be shown in the 4-H swine show, even though results will not be available until after the show. If a conclusive match is NOT found, the animal will be disqualified.
5. It is strongly recommended that all swine be vaccinated for influenza within 120 days of arriving to the state fairgrounds. Please note that influenza vaccines often require two doses. Additionally, please pay careful attention to vaccination withdrawal times.
6. Slick clipping or body shaving of 4-H barrows and gilts is prohibited. Animals slick clipped or body shaved less than one half inch (in length) will not be allowed to exhibit.
7. A private contractor has agreed to provide a market truck on Sunday evening. The number of trucks is dependent upon contractor availability and exhibitor interest. This will only be available as long as a willing third party contractor exists.

8. The Department Superintendent reserves the right to change which show ring and/or judge will be used for breed shows at any time, during the 4-H swine show.
9. **Penning-** Each 4-H exhibitor will be assigned one (1) pen for their hogs. However, 4-H exhibitors with only one animal may be required to share a pen(s). All tack will be stored on gates above the pens. Gates will be provided. No individual tack pens allowed unless approved by the Department Superintendent or First Assistant. No pens will be reserved prior to animal arrival. Pens will be assigned in the order of arrival - not by breed groupings. 4-Hers wishing to pen together must arrive together. Most pens are 6' x 8' and will hold up to four (4) pigs (barrows and gilts together). If you want your pigs separated, bring either 6' or 8' dividers. Pen partitions may not be removed.
 - a. All exhibitors should be aware that space in the swine barn is limited. In order to ensure space for all exhibitors some 6 x 6 pens may be used in the swine barn. The department superintendent reserves the right to require any exhibitor with only one pig to share their pen with another exhibitor. In cases where the director requires a pen to be shared the State Fair will provide divider gates.
10. NO CATTLE FANS OR LARGE ELECTRICAL APPLIANCES (including refrigerators) will be allowed in the swine barn in order to ensure the comfort and well-being of the animals. ONLY household type box fans, preferably on a wooden 2" x 4" riser, will be accepted.
11. No electrical generators will be permitted on the Fairgrounds.
12. No large (cattle size) show boxes will be allowed in the swine barn.
13. **Declared Weight-** Declared weight system used - explanation listed in Terms & Conditions For more information: https://mdc.itap.purdue.edu/item.asp?item_number=15-254-W
 - a. Declared weight cards for barrows and crossbred gilts must be turned in by 4:30 pm on Thursday, August 6. Once turned in, declared weight cards cannot be changed. All non 840-RFID tags must be removed.
 - b. All gilts must weigh at least 200 pounds or they will be disqualified. Crossbred gilts must weigh no more than 15 pounds more than their declared weight or they will be disqualified. **The maximum declared weight for crossbred gilts is 350 pounds.** All declared weights for barrows must be between 230 and 290 pounds. At weighing, barrows must weigh at least 230 pounds and no more than 15 pounds more than their declared weight or they will be disqualified. The top placing animals from each class will be weighed at the time of judging until two (2) per class meet weight and identification requirements. All swine are subject to weight verification at any time.
14. **Breed Sifting-** All purebred barrows and gilts will be classified, sifted, and have their ear notches verified (see the next page for a description of breed requirements).
 - a. Breed sifting, clarification and/or verification committees shall be appointed by the Department Superintendent, and their decisions will be final. Animals sifted for breed purity concerns will be permitted to show in crossbred classes.
 - b. A 4-H pig identified in a particular breed may be changed to the crossbred division before final entries are made at the State Fair entry table. A pig identified as a crossbred animal will not be allowed to switch to a purebred classification after May 15.
15. Breeds are required to have a minimum of five (5) market animals and/or five (5) breeding animals in order to offer breed classes. Breeds that have fewer than five (5) market and/or breeding animals will show in an AO class. Any breed is eligible to show in the 4-H animal shows at the Indiana State Fair. Exhibitors of any of the established breeds (those listed in the premium book) would enter as that breed. If there are at least 5 animals that meet the criteria for that breed, they would have their own breed show. If the minimum number is not met, they would show in the AO division. For breeds that are not one of the established breeds (not listed in the book) they would enter as AO. These breeds must be recognized by a breed association. Then during check-in, if there are 5 animals that meet the criteria for that breed, they would have their own breed show. For any that do not meet the minimum requirement, they would show in the AO division. If the AO division has 5 animals in it, Class and Champion premiums would be available. If the AO division has less than 5 animals, Class premiums would be available but Champion premiums would not be available. The champion of the AO division would be eligible for overall champion regardless of the number of animals.
16. Dormitory facilities for boys, girls and parents will be available for a limited number of those who are exhibiting 4-H swine only. Exhibitors must furnish their own bedding and purchase a badge and key at the swine barn office. The curfew is midnight each night. A person may not reserve a bed in more than one barn.
17. The swine barn has the reputation of being clean and presentable at all times for Fair visitors. Each 4-H member is responsible for keeping his/her pen and aisle area clean at all times. The material removed should be put in wheelbarrows (furnished by the State Fair Board) and taken to the disposal area, located on the east side of the barn.
18. All 4-H exhibitors must clean out their pen before leaving the fair, or fair premiums will be forfeited.

- All barrows must be farrowed on or after January 1 of the current year.
- Only two (2) barrows may be shown by each 4-H Swine exhibitor. They may be shown in the same or different breeds and classes.
- Any barrow showing evidence of testicular tissue is ineligible for the 4-H barrow show. If testicular tissue is discovered in a barrow during the "harvesting" procedure, the exhibitor will receive market value for the carcass and will be disqualified and forfeit all premium and prize money.
- Declared Weight-** 4-H barrows will be listed according to breed and declared weight and divided into approximately even classes with no more than 11 in a class.
 - Declared weight system will be used for the 4-H Swine show. Barrows must weigh at least 230 pounds and no more than 15 pounds more than their declared weight. Barrows failing to meet these requirements will be disqualified. The declared show weight for barrows must be between 230-290 lbs., and this will be used as their sale weight. All barrows with a declared weight outside of the show weight range will be disqualified. The top placing barrows will be weighed at the time of judging until two (2) per class meet weight and identification requirements.
 - Declared weight cards are due by 4:30 pm on Thursday, August 6, 2015. Barrow declared weights must be between 230-290 pounds. Once turned in, declared weight cards cannot be changed.
- Registration Certificates-**Registration certificates are required for all purebred barrows when the animals are weighed and the papers checked at the Indiana State Fair. The registration certificate for purebred barrows must be transferred into the name of the 4-H exhibitor (or any of the

other acceptable forms of animal ownership listed in the front of this book). Registration certificates will not be accepted for purebred barrows if the certificate is still in the breeder's name and the 4-H member's name is simply written or typed in the "transfer to _____" category on the certificate. Breed associations reserve the right to pull certificates of animals without proper breed characteristics.

- a. **Note:** A faxed copy of a registration certificate will only be accepted if it is faxed directly to the Indiana State Fair from a National Breed Association office.
 - b. **Purebred barrows without registration certificates, barrows whose ear notches do not match the notches recorded on their registration certificate, and barrows whose registration certificate indicates the animal was mis-notched will not be allowed to show in purebred classes.** These barrows will, however, be eligible for the crossbred division, so long as their 840-RFID tag number matches the number listed in Indiana 4-H Online.
7. The champion barrow in each breed will compete for the grand champion 4-H barrow. The reserve grand champion barrow will be selected from the remaining champion barrows plus the reserve champion barrow of the breed from which the grand champion was selected.
 8. Once a barrow is selected as a breed champion, it cannot be withdrawn from the show by the exhibitor. The State Fair and/or State 4-H officials require the grand, reserve grand and breed champion barrows (including the champion crossbred barrow) to be "harvested". Exhibitors of breed champion barrows not selected for the Indiana State Fair Celebration of Champions will receive live market value for their animal in addition to State Fair premium money.
 9. All carcasses shall remain under the jurisdiction and ownership of the State Fair until such time as all carcass examinations, tissue testing, and/or any other required testing as determined by the State Fair officials or State 4-H Youth Department officials have been completed.

Hampshire Division

Breed Manager- Justin Rodibaugh, 925 E. Moody Rd, Rensselaer, IN, 47978, (219) 863-1393

1. The Hoosier Hampshire Breeders' Association reserves the right to pull blood samples from any class winning barrow or gilt and the Champion and Reserve Champion 4-H Hampshire barrows and gilts for DNA testing to verify parentage and to ensure breed purity by verifying that the animals are free of the "color gene" and the "stress gene". Gilts and barrows will be required to be "stress gene free" in 2015. If any of the Champion or Reserve Champion 4-H Hampshire barrows or gilts cannot be verified to the Hampshire parentage listed on the animal's registration certificate and/or they test positive for the "color gene" or the "stress gene," the animal will be disqualified. If the Champion 4-H Hampshire barrow or gilt is disqualified (for failing Hampshire parentage verification and/or because they are a carrier of the "color gene" or the "stress gene"), the Reserve Champion 4-H Hampshire barrow or gilt will be elevated to the champion status, assuming they have passed the DNA testing listed above.

Hampshire barrow requirements:

1. Must be black in color with a white belt starting on a front leg. One (1) white front hoof constitutes the start of a belt. The belt may partially or totally encircle the body. An animal is eligible if the head is black and the body is totally white.

3. Must be ear-notched within seven (7) days of birth.
4. Must NOT have any red hair.
5. Must not show evidence of an extra dew claw.
6. Must be stress negative.

White is allowed on the rear legs as long as it does NOT extend above the tuber calis bone (knob of the hock).
2. Must have at least six (6) functional udder sections on each side of the underline.
